Sen. George: Improving U.S. 131 will foster job creation

LANSING – Sen. Tom George, R-Texas Township, issued the following statement in regards to an agreement reached to allow for \$31 million in improvements along U.S. 131 in south west Michigan:

“I am very pleased this project will be going forward to improve U.S.131 and promote economic development along the corridor. Combined with the work on I-94, these projects are a great opportunity for the Kalamazoo Valley as they should help foster business growth and job creation. We have been waiting for this project for many years and are all looking forward to seeing it completed.”
